NEWSLETTER Easter 2021 Newsletter

Thank you for all your support these last 4 weeks. We have been blessed that we have only had one bubble closure, and with everyone adhering to the new guidelines, I am sure this will continue.

May I wish everyone a happy and safe Easter holiday.

REMEMBER we still have to keep vigilant, keep wearing our masks, washing our hands and keeping at least 2 m apart.

SCIENCE AT HOME

Don't forget to send us your pictures

Science at Home – Dry Erase

Equipment:

- A glass, bowl or picture frame
- Whiteboard marker
- Water

Method:

1. Draw a simple picture on the glass. A stick figure is a good one to start with
2. Pour water onto the plate or into the bowl slowly to lift up the drawing
3. Swirl the water around to make the picture dance and move

But why does it happen?

The marker leaves behind a mixture of pigments and a type of alcohol mixed together. The alcohol dissolves and the pigments are left behind as a solid. Glass is so smooth that the solid slides right off when it gets wet!

LENT

As we continue our journey through Lent, all of the children on Tuesday attended virtual Mass at Sacred Heart Church. Father Francis encouraged the children to think about the people in today's Gospel reading and to reflect on which of these they want to be like and to pray for our families and friends. On Wednesday the whole school enjoyed the Y6 Easter Production. Here is the link below which has been emailed out to everybody.

Online safety at home

Steps you can take to help keep your child safer online

Parental controls

Parental controls have been designed to help you manage your child's online activities. There are various types, some of which are free but others which can be bought. However, nothing is totally fool proof so this shouldn't replace the support and guidance you give your child to help keep them safer. For more information and step by step instructions on setting up parental controls, visit [Parental Controls & Privacy Settings Guides - Internet Matters](#)

Supervise their online activity:

Keep the devices your child uses in communal areas of the house such as the living room or kitchen, where an adult is able to supervise. Primary-age children should not access the internet in private spaces alone, such as in a bedroom or bathroom.

Explore together and chat little and often

Ask your child to show you their favourite apps, games and sites and encourage them to teach you how to use these. Ask them if anything ever worries them online. Make sure they know they won't be in trouble and can get help by talking to you or another adult they trust if anything happens online that makes them feel worried, sad or scared.

On Thursday afternoon, with everyone now back in school, we celebrated with all the children who had birthdays in January, February and March.
