

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Sacred Heart RC
Number of pupils in school	223
Proportion (%) of pupil premium eligible pupils	32%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022/2023 – 2025/2026
Date this statement was published	September 2023
Date on which it will be reviewed	July 2024
Statement authorised by	P Dungworth (Headteacher)
Pupil premium lead	P Dungworth (Headteacher)
Governor / Trustee lead	R Taylor (Chair of Governors)

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£78,336
Recovery premium funding allocation this academic year	£7082
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

Part A: Pupil premium strategy plan

Statement of intent

At Sacred Heart RC, it is our intention that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. We aim to enable our children to become articulate, confident, resilient, self-managing and above all, supportive of others, through opportunities sought out for them

The focus of our pupil premium strategy is to support disadvantaged pupils to achieve these goals, including progress for those who are already attain highly. The academic progress of children eligible for the Pupil Premium is carefully monitored using an internal tracking system which informs decision making regarding appropriate interventions.

Pupils make good progress through a wide range of support specific to the needs of individual pupils and their families. Quality First Teaching (QFT) is our primary approach for all pupils and has proven to narrow the gap between disadvantage and all pupils.

In addition, we will provide emotional and practical support for our children and their families through our CARITAS workers and Early Help support.

We aim for our disadvantaged pupils to improve their punctuality and attendance at school therefore diminishing the difference between themselves and non-disadvantaged thus enabling everyone to get the same opportunities when in school.

We will arrange for all of our pupils to equally access a wide range of enrichment opportunities both in and out of school where the aim will be to positively impact on their well-being and academic achievement.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attendance remains below the school's target of 96%. Regular school attendance is critical to children accessing QFT as well as the interventions put in place to raise attainment. In 2022-2023 the overall school attendance for all pupils was 93.6% compared to 93.8% nationally and for pupil premium 92.8% compared with 91.3% for this

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

	<p>group nationally. School is therefore broadly in line with national averages for both PP and non-PP pupils.</p>
is	<p>Pupil data indicates that children’s attainment has fallen below pre-pandemic levels. Children’s learning and progress requires additional teaching, support and intervention to ensure that all children and particularly disadvantaged children are on track to achieve their potential by the end of the phase. Staff are deployed to provide intervention outside of curriculum to identified children focused mainly on reading and maths.</p> <p>2022 – 2023 % of pupils the end of EYFS / KS1 achieving the expected standard is in line with National and this includes for the end of Y1 phonics screen check. 2022 – 2023 % of at the end of KS2 achieving the expected standard and exceeding the expected standard was above National.</p>
3	<p>2022 KS2 SATs demonstrate that attainment in maths has fallen significantly below pre-pandemic levels. Specific support to identify and plug gaps in pupil’s maths knowledge are required and this is a priority for many children, particularly disadvantaged children.</p> <p>The impact of 3 years work with the North West Maths Hub is evident across all year groups and attainment in maths is now higher than in reading and writing. 2022- 2023 % of KS1 pupils achieving the expected standard in maths was above national 76%. 2022-2023 % of KS2 pupils achieving the expected standard in maths was above national 81% including for pupils achieving the higher standard 26%.</p>
4	<p>Communication and language remain a priority for the majority of children on entry to school and on entry assessments and language screening provides evidence of this. This is a priority for many children, particularly disadvantaged children.</p> <p>It remains the case that at the end of EYFS the percentage of children at the expected standard for communication and languages is below both local and national averages 54%. This remains a focus for intervention which, has previously secured good outcomes in phonics for pupils by the end of Year 1.</p>
5	<p>The pressure many of our families experience particularly financially and in accessing appropriate family support has resulted in increased poor emotional and mental health. School continues to engage with and support parents and families through the employment of two CARITAS workers and Early Help support.</p>

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

	<p>The CARITAS support offered to families has been extended to two workers for one full day and one worker for a further full day. This has enabled significant early help support to be put in place to better understand family's needs and to support parents in their roles. Children receive targeted group and individual support for mental health and wellbeing, self-esteem, social emotional difficulties, bereavement support and identifying and managing feelings. The Incredible Years parenting course has been run as have, Expect Respect, Lego Therapy and other research-based interventions to support families. CARITAS also have a significant impact on our families in making swift referrals to outside agency support.</p>
5	<p>School provides equal access to curriculum enrichment opportunities to all children through the subsidy of school trips, visits and residential as available based on each year group's opportunities and curriculum.</p> <p>All children have been able to access a wide variety of trips, visits and experiences as evidenced in the school's enrichment overview. Pupil voice and external reviews consistently reiterate the value the children and parents place on this offer and the experiences provided for the children.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Improved attendance of disadvantaged pupils and reduction of percentage of children classed as persistent absentees	<p>Sustained high attendance from 2022/23 demonstrated by:</p> <ul style="list-style-type: none"> overall absence rate for all pupils being no more than 4%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being less than 1.5% the percentage of all pupils who are persistently absent being below 8%
2. Improved attainment in reading for all pupils, particularly disadvantaged children	<p>KS2 reading outcomes in 2024/25 show that more than 85% of disadvantaged pupils met the expected standard.</p>
3. Improved attainment in maths for all pupils, particularly disadvantaged children	<p>KS2 maths outcomes in 2024/25 show that more than 85% of disadvantaged pupils met the expected standard.</p>

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

<p>4. Improved language and communication skills as evidenced by Blanks levels and Welcome assessments</p>	<p>Language assessments evidence significantly improved language and communication skills among all pupils, particularly disadvantaged pupils. Evidence is supported by improved engagement in lessons and formative assessments.</p>
<p>5. Access to mental health and well-being support at the point of need for all pupils.</p>	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> • pupil voice, student and parent surveys and teacher observations • improved attendance and engagement in learning as evidenced in pupil and staff feedback • a significant increase in participation in enrichment activities, particularly among disadvantaged pupils
<p>6. Opportunities for experiential learning including visits to school and educational trips to enrich and enhance curriculum learning for all children.</p>	<p>All pupils access stimulating and engaging learning supported by expert visitors to school and educational visits. This is evidence in pupil voice and increased engagement in learning. Book scrutinies indicate a high level of engagement, progress and enjoyment in learning.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £50,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Assess pupil progress and attainment using PIRA Reading Assessments, GAPS Assessments, Power Maths Assessments and TAPS Science Assessments (3 assessment points throughout year)	Standardised tests can provide reliable insights into the specific strengths and weaknesses of each pupil to help ensure they receive the correct additional support through interventions or teacher instruction: Standardised tests Assessing and Monitoring Pupil Progress Education Endowment Foundation EEF	2, 3, 4
Within EYFS, gain the 'Communication Friendly' environment already established by following Blanks level questioning alongside Wellcomm intervention programmes to support communication development.	Strong evidence suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading: Oral language interventions Toolkit Strand Education Endowment Foundation EEF	2, 3, 4
Embed the robust daily delivery of Little Wandle phonics programme to support teaching of reading. This is supplemented by daily Guided Reading, home school reading and Reading for Pleasure programme. September 2023 School adopted a mastery approach to reading from Y1-Y6 'Take One Book'	Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils: Phonics Toolkit Strand Education Endowment Foundation EEF	2, 4

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

<p>Involvement with Maths Hub and NCETM Mastery in Number supports and enhances daily maths lesson and supports direct intervention for children not at ARE.</p> <p>Teacher CPD, staff development and purchase and reorganisation of resources will be prioritised to support implementation of programme including further embedding Power Maths</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches: Maths guidance KS 1 and 2.pdf (publishing.service.gov.uk)</p> <p>The EEF guidance is based on a range of the best available evidence: Improving Mathematics in Key Stages 2 and 3</p>	3
<p>Pastoral support is enhanced through implementation of our Enrich, Enjoy, Endeavour Award, 'Come and See' RSE scheme and continued development of outdoor learning.</p> <p>Investment in resources and staff training has been committed to ensure its impact and effectiveness.</p>	<p>Extensive evidence associates childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers): EEF Social and Emotional Learning.pdf(educationendowmentfoundation.org.uk)</p>	1, 4, 5, 6

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £20,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Wellcomm intervention programmes, Blanks level questioning sessions are used to target children whose language and communication skills fall behind their chronological age. SaLT and school staff</p>	<p>Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show positive impacts on attainment: Oral language interventions EEF (educationendowmentfoundation.org.uk)</p>	2, 4, 5

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

deliver these programmes.		
<p>6 weekly phonic assessments support the implementation of daily 'Keep Up' and regular 'Rapid Catch Up' sessions for children not making required progress or falling behind ARE.</p> <p>Pupils in KS2 access daily after school phonics intervention following the Units of Sound Programme</p>	<p>Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks:</p> <p>Phonics Toolkit Strand Education Endowment Foundation EEF</p>	2, 4
<p>NCETM Mastery in Number materials are delivered as additional daily intervention programme for KS2 pupils who are not at ARE. Staff training and purchase of resources are a school commitment.</p> <p>2023 – 2024 Working with Maths Hub in the 'embedding stage' with a focus on sentence stems and adaptive teaching.</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:</p> <p>Maths guidance KS 1 and 2.pdf (publishing.service.gov.uk)</p> <p>This is also supported by further EEF evidence:</p> <p>Small group tuition Toolkit Strand Education Endowment Foundation EEF</p>	3

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £30,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Using DfE's Improving School Attendance advice, continue with the attendance strategy to target and challenge poor attendance.</p> <p>This will involve training as required and release time for staff to continue to</p>	<p>The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.</p>	1

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

<p>implement procedures to improve attendance.</p>		
<p>Zones of Regulation and Crisis Prevention Institute strategies are in place to support positive learning behaviours. Two CARITAS social workers are employed to work directly with children and their families who have been identified as in need of help.</p>	<p>Targeted interventions and universal approaches can have positive overall effects: Behaviour interventions EEF (educationendowmentfoundation.org.uk)</p>	<p>1, 4, 5</p>

Total budgeted cost: £80,000

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Little Wandle phonics programme was introduced last year and significant time and funds allocated to training and resources. As a result, staff report that they are confident in delivering the programme to high standard across the school, supporting children to bridge the gap of two years disrupted learning. Embedding this and highlighting the importance of early reading to parents / carers remains a significant focus this year.

Reading for Pleasure initiative has remained in place throughout the periods of disruption and kept the focus on reading, reaching every year group. This has included purchasing more banded reading books and low level / high interest books for pupil's in KS2. A significant investment has also been made in purchasing more books in EYFS and KS1 to ensure that the books taken home by the children support the phonics scheme.

September 2023 school introduced 'Take One Book' which, is a whole class mastery approach to teaching reading. Significant investment has been made across KS2 to ensure that teachers have access to all of the resources and training needed to implement the scheme successfully. This includes sets of books for all children to read together during reading lessons and planning tool / resources for teachers.

Writing has suffered the most because of the school closure periods and home learning. Opportunities for writing instruction have been dramatically reduced, leading to fewer opportunities to write and restricted access to direct teacher support and input to support the writing process. Weekly moderation of children's written work will continue throughout this year with an initial focus on handwriting and presentation.

The focus on increasing the number of pupils particularly at the end of KS2 achieving the expected standard in reading, writing and maths to those achieved by the school pre-pandemic will remain with a particular focus on raising the attainment of disadvantaged pupils.

Pupil Outcomes end of KS2: (National in brackets)

2023	Reading		Writing		Maths		GAPS	
	Exp+	High Standard	Exp+	High Standard	Exp+	High Standard	Exp+	High Standard
	(73%) 84%	(29%) 19%	(71%) 74%	(13%) 13%	(73%) 81%	(24%) 26%	(72%) 90%	(30%) 35%

RWM Combined 71%

Sacred Heart RC Primary Pupil Premium Strategy Report 2023/2024 (Review of 2023)

Love God, Love each other, Love Learning

All leaders will continue the focus of developing the school’s Dawn Curriculum ensuring that long, medium and short-term planning details how knowledge is progressively taught before skill. Power Maths, the teaching of spelling and Little Wandle phonics teaching will be continue to be embedded and the impact of these monitored.

2023 - All long, medium- and short-term planning has been revised to ensure that links are made to prior learning and that planning is sequential across all subjects. Monitoring has focussed on ensuring that subject matter is presented clearly and that within lessons, there is a consistent structure which, includes scaffolds, pace and effective addressing of misconceptions.

The school’s focus on developing children’s emotional resilience through the introduction of the Zones of Regulation and Colour Monster has had a very positive impact on children’s learning behaviours and resilience when tackling new learning. All pupils have enjoyed increased opportunities for curriculum enrichment, including the further development of learning outdoors.

2023- Whole school Crisis Prevention Management training supported all staff, including those new to school on adopting a consistent approach to managing pupils’ behaviour.

All pupils accessed the full range of enrichment opportunities as detailed in the school’s long-term plans.

Our school’s CARITAS worker, works effectively with the leadership team to identify families needing Early Help support and interventions. These have been highly effective in preventing escalation ensuring that children’s needs are met so that they can access learning in school.

2023 – There were no permanent exclusion and one, one day fixed term suspension.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
